

Vote ASUDE

Year 1 Academic Rep

**Supported.
Prepared.
Confident.**

I want us all to feel supported, understand what we're learning, and feel prepared and confident for the assessments.

1 You'll hear back

Regular updates on what was raised, what changed, and what couldn't change and why.

2 Every voice counts

An anonymous form open all year, or come to me directly at any time.

3 Study support

Revision sessions for the topics we find hardest, and I'll ask lecturers for extra review sessions.

4 Beyond the Classroom

I'll push for talks with older students, scientists and doctors on modules and future pathways.
