First-year Molecular Bioengineering. Algo Society classes. Python & ML self-study. Startup Hackathon veteran.

01 Industry insight nights featuring women professionals from prop trading, quant finance, and fintech

02 Mock trading competitions and interview prep workshops so members walk into rooms at Flow Traders, IMC and Deutsche Bank fully prepared

03 Cross-society collaborations with FemTech, Women in Business, and Women in SET to build a united network

04 Accessible on-ramps for members new to finance — because the best communities make everyone feel they belong
