

# Emmanuelle Vidal

## *for Liaison Officer*

Second-year Biochemistry student. Parisian by birth, schooled in York, now at home in London. I want the French Soc to be the bridge between Imperial and the French-speaking world around us.

### POURQUOI MOI • WHY ME

#### Truly bilingual

Native French, bilingual English and B2 Spanish. At ease representing us in any room.

#### Already on the inside

As Event Manager I know what members want and where partners could make events bigger.

#### Connected on campus

Member of ICFS, Entrepreneurship, Prototyping & Hacking, and Hockey societies.

### MON PROGRAMME • WHAT I'LL DO

- 1 Partner with our French neighbours.** South Kensington is London's French quarter. I'll approach cultural institutions, cafés and bakeries for discounts, venues and co-hosted events.
- 2 Collaborate across societies.** A careers evening with ICFS, a startup night with the Entrepreneurship Soc and joint socials with other language societies.
- 3 Link up with London's French Socs.** Inter-university socials and shared events with other universities that none of us could run alone.
- 4 Build a careers network.** Reach out to francophone companies and Imperial alumni in France, across finance, healthcare, engineering and beyond.
- 5 Keep you in the loop.** Clear updates so every partnership turns into something you actually hear about and use.

# Votez Emmanuelle !

French, francophone, or simply francophile: this society is yours.
