

IMPERIAL

HARMANN

FOR YEAR 1

ACADEMIC REPRESENTATIVE

Department of
Chemical Engineering
IMPERIAL

*Your Voice.
Your Education.
Your Representative.*

Making your voice heard

I'll actively gather feedback through conversations and anonymous surveys, ensuring everyone's opinions are represented, not just those who speak up the loudest.

Improving our learning experience

Whether students are struggling with a particular module, lecture pacing or missing revision materials, I'll raise these concerns with Department Representatives and academic staff, working towards practical solutions.

Communication and transparency

I'll provide regular updates on the concerns raised, discussions with staff and progress made, so you know what happens after sharing your feedback.

VOTE HARMANN

Let's make our first year at Imperial the best it can be!
