HARMANN

FOR YEAR 1

WELLBEING REPRESENTATIVE

*A Stronger
Community.
A Better
First Year.*

Building a welcoming community

I'll encourage opportunities for students to connect, helping everyone feel included and supported as they transition to university, so nobody feels left out.

Making support more accessible

I'll raise awareness of Imperial's mental health, financial and wellbeing services, helping students understand where they can seek support when needed.

Listening and taking action

I'll actively gather feedback on wellbeing concerns, raise issues with the appropriate staff and representatives, and keep you updated on progress, while respecting confidentiality.

VOTE HARMANN

*Let's make our first year at Imperial a place
where everyone feels supported and included!*
