

2026

**"Strengthen your
community –
Empower Your
Future!"**

***VOTE
FOR
JOEL***

**As your
ChemSoc
President**

Our Aims

More Socials

ChemSoc is a bit quiet right now, with just the signature Christmas dinner and coffee drop-ins. If you elect me as president, I'll pack the year with fun, affordable events—from boat parties to summer cocktail parties, mixers, and ChemFamily pub crawls. Let's make ChemSoc lively and connected!

Making Connections

I'll set you up for success with career events featuring alumni speakers, plus seminars on publishing and what real undergrad research is like. Moreover, I'll help make ChemSoc at Imperial a hub for chemists by connecting with other universities, giving you more chances to network and explore.

Securing Sponsorships

To ensure ChemSoc can fund more events and opportunities for you, I will push the committee to actively seek and secure sponsorships.
