“Not that bad”

Won a London
1v1 🏆 Champ in
2024

Hi! I'm Leo Liu - Design
Engineering student,
M2 team member

Whether it's making plays on the court or capturing them behind the lens, I thrive on bringing the best moments of our team to life. From highlight reels to thrilling game-day content, I know how to showcase what makes our club special.

Back in China, my training facility had dedicated photographers who helped players shine—now, I want to bring that same energy to the Imperial Basketball Team! If you want a media presence that truly hypes up our team, let's make it happen together!
