Micah's talk as it was relatable and I have gained confidence to be curious and ask questions, while building connections as also reiterated, as these are where opportunities arise.

The talk from Micah was extremely helpful as it gave a personal student insight and his answers were well thought out and in-depth.

Micah

I found Micah's talk very helpful as we were able to get lots of information on how its like being at imperial, the opportunities you can get and the reality of studying at imperial.

Micah's talk was very inspirational and honest about different paths that can be taken after university. He also gave a truthful insight into university life.

Both Micahs and the Careers Talk. I liked how the career talk was interactive and the fact that it was informative as I am someone unsure of what they want to do in the future

Micahs talk was beyond inspiring, really got me thinking about my future

Micah's talk inspired me as an aspiring chem student to get an insight on what a first year would look like

Micah's talk was inspiring

I wrote all of this in the first question but Micah's talk was most helpful since it gives you the insight into what being a student is like. It gives you a lot to think about 😊
