## *Hello! VOTE FOR Ruby Lydford*

- Increase collaboration with other London universities; though Imperial is a STEM powerhouse, I think we have a lot to learn.
- Continue advocating for and building on inclusivity to underrepresented groups.

- Jazz nights. Coffee mornings. We are living in the 20s in our 20s and we are not indulging in it.
- Inter-department events within the RCSU: let's take down the Blackett-Huxley and Chemistry/SAF divide.

Though I have not personally attended Monsters University, I hope to bring some of its effervescent spirit to the RCSU.
