

# Vote Tansy Xue for FemTech Conference Chair!

why:

- I think women's health research is **awesome**
- I handled many of the **on-the-day logistics** for this year's conference
- I have co-made (and delivered) **conference workshops** on **menopause and health innovation**

**I would just really love to create a fabulous day of sharing and discovery for everyone - speakers, attendees, and committee :)**
